

Gordian Knot

The Online Astronomy Quiz .

<Exact Date to be announced, between Apr 30 - May 3 2022>

Problem Statement:

This is an online quiz, where participants will be asked several interesting questions based on astronomy and related areas. The quiz will have a two round, and will comprise several objective and short answer type questions. First round will be of 30 minutes and those who qualify will move to the next round which will be of 45 minutes duration.

Judging Criteria:

1. The points distribution for the questions will be specified on the question paper.
2. Participants who qualify for the second round will be announced after the first round is finished in the online meet itself.
3. If two or more participants get the same score at the top spots, there will be a tie-breaker round, in which the participants will be asked a few more questions, on the basis of which the rank shall be decided.

Rules and Regulations:

1. Participants must be present at the specified meeting link at least 5 minutes before the commencement of the event.
2. As it is an online event, usage of books and internet will be allowed (questions shall be framed accordingly), but sharing answers, or any other form of cheating and/or misdemeanour will be inspected, and if confirmed, will lead to disqualification straightaway, and may even demerit your participation in other events in Astrax.
3. Organisers reserve the right to modify the rules at any point in time, with a prior intimation to registered participants.
4. In case of any dispute, the organisers' decision will be considered final.

Instructions:

1. Meeting link and additional details will be mailed to all participants before the event.
2. The first 5-10 mins will be for instructions, the quizmaster will tell you how to use the platform.
3. For the whole duration of the quiz participants will be connected by google meet.

Registration Link :

This is an individual event
