Mission X

Introduction

AstraX'22 brings you an opportunity to apply your analytic and comprehensive skills towards an exciting case study through Mission X. A rigorous brainstorming event that encourages you to explore the nuances of the given theme and come up with interesting observations and innovative ideas with real world applications.

A team with a size of max. 4 members must go through the mentioned details for further info about the event.

You can register here.

Details:

- The problem statement shall be *released 72 hours before the submission deadline (TBA)*.
- The participants must *submit* their final entries on the submission link that will be provided to them.
- The participating teams shall have to submit a pre-submission form with details explaining simply the way they are approaching the problem statement (*will be released 48 hours before the submission deadline)*. The submission time for this form will be another 12 hours*.* Any team can register for the event before this time.
- Any team registering for the event after the problem statement has already been released shall be provided with the problem statement within a couple of hours. In case, any team does not receive this problem statement within the specified time, let the coordinators know, they shall look into the matter.
- The teams would then be shortlisted on the basis of the final submitted entries.
- *Shortlisted teams* will get an opportunity to present their case studies to the judges in the *presentation round.*
- *The presentation round* - The qualified teams would be required to *present their case studies* to the judges, followed by a *question and answer round*.
- Each team shall be given *10 minutes to present* their case study to the judges and *10 minutes for the question round,* i.e, 20 minutes as a whole.
- Both the submitted document and the presentation would be taken into consideration for marking the final score.

Scoring and Rules

- Marking is based on relative scores.
- Any *references* and/or *resources* used for research purposes *must* be mentioned.
- Teams will be penalized for *plagiarism*.
- Following shall be the *criteria* while shortlisting the entries for presentation round -
    1. Creativity
    2. Originality
    3. Evidences
    4. Practicality
    5. Presentation (The submitted entry)

For any queries regarding the event, either contact the coordinators or write an email to team@astrax.in.
